Profile

A graphic designer with 17 years of experience as both a freelancer and team member. A pro who is ready to bring his creativity and design skills to a progressive organization looking to increase its contemporary client base.

I believe that with my experience, skills and dedication can help your company achieve higher quality and better productivity. My goal is not just to work mechanically, but to create real value. I'm ready and willing. I also have a personal desire to build good relationships with the team members, which is very important to me, also for psycho hygiene.
